PROFESSIONAL SUMMARY

Results-driven iOS Developer with 2+ years of professional experience specializing in Swift and UIKit development. Proven track record of independently developing and publishing multiple App Store applications. Proficient in Firebase integration, Google AdMob monetization, StoreKit in-app purchases, Core Location, and MapKit. Consistently recognized for code quality, user experience, and delivering production-ready apps as a solo developer.

TECHNICAL SKILLS

Languages & Frameworks	Swift, UIKit, SwiftUI
iOS Development	Xcode, Core Location, MapKit, StoreKit, In-App Purchases, REST APIs
Backend & Services	Firebase (Authentication, Firestore, Analytics, Crashlytics), Google AdMob
Tools & Platforms	Git, GitHub, App Store Connect, Instruments, Xcode Debugger
Other Skills	UI/UX Implementation, Front-End Development, Bug Fixing, Debugging, Code Review

WORK EXPERIENCE

iOS Developer | **Bitbox** — Rawalpindi, Pakistan

November 2024 – Present

- Independently developed and launched 3 production iOS applications on the App Store: Universal TV Remote, Qibla Finder, and Anti-Theft.
- Integrated Firebase Analytics and Crashlytics for real-time analytics and crash reporting; implemented Google AdMob for ad monetization.
- Implemented Core Location and MapKit APIs to deliver accurate location-based features in the Qibla Finder application.
- Maintained full ownership of the complete software development lifecycle — from UI design and coding to App Store submission and post-launch updates.

Junior iOS Developer | **Ninesol Technologies** — Islamabad, Pakistan

December 2023 – January 2025

- Designed and built multiple Islamic iOS applications using Swift and UIKit, delivering clean, performant user experiences.
- Integrated REST APIs for dynamic content retrieval and implemented in-app purchase flows using StoreKit.
- Collaborated with design and QA teams throughout the app release cycle, ensuring high-quality, bug-free deliverables.
- Actively participated in code reviews and contributed to team knowledge sharing on Swift best practices.

iOS Developer Intern | **FHA Technology (Private) Limited** — Rawalpindi, Pakistan

September 2023 – November 2023

- Gained hands-on experience in iOS development with Swift and Xcode under the guidance of senior developers.
- Contributed to UI implementation, bug fixes, and feature development for active projects.
- Assisted in integrating third-party libraries and learned industry-standard Git workflows for collaborative development.

EDUCATION

Bachelor of Science in Information Technology (BSIT)

Pir Mehr Ali Shah Arid Agriculture University, Rawalpindi

2019 – 2023
